

1. Aircraft model to make with watching a match of English football.
2. Set a balancing weight to adjust the center of gravity of the CG.
3. All records should be registered in the FAI and the VGC.
4. The model is dedicated to the brave VGC pilot Bruce Stephenson.
5. All aircraft models in this series can be found on the website [nestofdragons.net](http://nestofdragons.net). We give all the models to the World in support of children's creativity and VGC.
